

**** Ultimate Europe Game 112 ** Ultimate Europe Game 112 ** Ultimate Europe Game 112 ****

Here are the details of our next new game, 112, which will start early April.

One team per manager.

Known as a 'Hard Format' game, you will only be able to control one club at any time. We will require a contact number for every manager in this game.

More experienced managers.

The Game will be advertised to all current and ex managers.

New Leagues.

We are introducing two new Leagues to replace Holland and Portugal, the Russian League and the 'Benelux' League, which will combine the best teams of Holland and Belgium.

Lower OAs.

Players in this game will be on average start 12 points lower than in any other game. This will allow more scope for improvement and put a higher emphasis on developing your squad through training.

Player values will also be lower but top stars in the game will cost significantly more.

Starting budgets.

The starting budgets will be adjusted so that large clubs with the best squads will start heavily in debt. This will create a huge challenge for anyone wanting a top team, as they will find due to the lower values of players, top stars and not just fringe players, will need to be sold to balance the books.

UE Points.

UE points will again be available for all smaller clubs but we have changed their values slightly. Also for a cost of 5 points we will give managers the option to delay spending 15 of their initial allocation until any point during the first season.

Improve a player's potential to develop through training (once per player)	5 Pts
Increase stadium by 10,000 seats and 1 condition (no limit)	5 Pts
Add £5,000,000 to your starting budget (no limit)	3 Pts
Buy a Special Ability for a player (excluding Leadership and Versatility)	7 Pts
Leadership	12 Pts
Point Delay (15 points which can be spent at any time in Season 1)	20 Pts
Versatility not available to buy.	N/A

How to apply for this game and team allocation.

This game will require a minimum deposit of £10.00 to join. You will not be able to transfer credit into or out of this game until your initial deposit is used up or until after the first Season has finished.

If you wish to request a specific team then a bidding system is in place as follows:

- * Submit your application either by email or by using the form below.
- * List the team/s you would like and the maximum amount you would be prepared to send as a deposit.
- * We will collect bids throughout February and update our Forum with all bids over £50.00.
- * You can re-bid throughout the month.
- * On the 1st of March we will close the bidding process and begin to contact all successful managers.

There will then be a two week period to send your deposit. If someone fails to make the payment then the next highest bidder for the team will be contacted. If you simply wish a team or League at random please tell us.

My Bids for Game 112.

Closing date 28th February 2013.

Why a bidding system?

It is the fairest way to allocate teams. Most managers feel that they deserve a top side but this is simply not possible. We do not make any more money by doing this but the process helps guarantee a large number of people will commit to the game long term.

Game 113.

If the game fills up or we are unable to fit you in for any other reason, or you simply do not want to join the HFG then we will be starting Game 113 earlier than the anticipated September deadline. It will be a normal game, with UE points but will also have new Leagues. Deposits may be required for top teams, we will contact applicants where appropriate.
