Eg 70 Any KAK KAK FR

From 70 minutes Kaka will change to a FR.

Computer Controlled teams.

From now on all unmanaged teams will have some basic computer control. Line ups will be selected and the clubs will take players on loan from the transfer list. They will **not** sell players. Any manager can, as before request to manage a computer controlled team.

Loans.

We have increased the number of players you can have on loan to your club from two to three.

Lastly we would like to thank all the managers who have offered us their ideas and suggestions. We may not be able to add all of them to the game but we do listen and take on board your contributions!
